Keynoter, Seminar Leader, Author

Karla Brandau, CSP, has been an entrepreneur and business owner since 1986 when she founded Life Power Dynamics for the purpose of helping individuals achieve their vision of success. In the year 2000, she founded another company, People Skills International, to reflect the evolution of content which has grown just as Karla's reputation as a top caliber speaker and trainer has grown.

This change in identity also reflects her vision for a new millennium as well as an expanded purpose. Her mission in the new century is to assist organizations and their employees to make the people and profit connection through improved leadership, better interpersonal relationships, and increased personal competence. She achieves this mission through keynotes, seminars, products and the annual Global People Skills Conference held every June to celebrate International People Skills Month.

Her clients come from 10 of the Fortune 100 companies including Motorola, AT&T, Coca-Cola, Lucent Technologies, and Digital Equipment Company.

When Karla published "Wake Up The Winner Inside," she carved a place for herself in the Motivational/Inspirational literature shelves. "Wake Up The Winner Inside" will help you improve your adversity quotient, use the power of positive expectation, and wake up feeling like a winner every day.
