Dear Karla:

The 2000 National Convention of the American Business Women's Association was a rousing success. The 2400 women who came to Atlanta to get their "Future In Focus" went home motivated and energized by the keynote speakers, seminars, and the special luncheon speakers they heard. We want to send a special "Thank You" and some feedback on your presentation to you.

Your seminar presentation, "Achieving Charisma and Personal Power", received an over-all rating of 4.68 and Karla, you received a rating of 4.68 on a scale of 1 to 5 (5 being exceptional). I know you met or exceeded the expectation of the 380 members attending. Typical comments from the surveys were:

- Speaker had lots of charisma! Loved her!
- She is an excellent speaker
- Dynamic - Terrific
- Great seminar – good nuts and bolts
- Excellent!! Have her back!

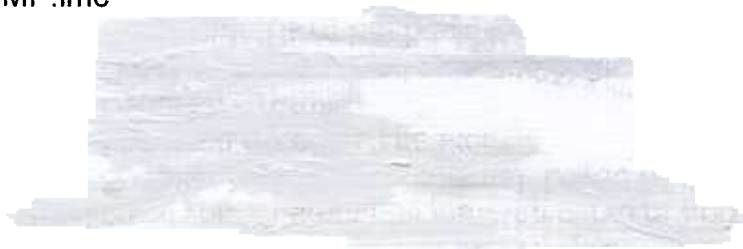

We appreciate all you have contributed in making the 2000 National Convention the great success that it was.

On behalf of the members, national officers and headquarters staff, congratulations on a job well done.

Sincerely,

Mary Pebley
Business Education Director
