Dear Karla,

I just want to drop you a line and tell you how much we enjoyed having you as our keynote staff development speaker at the 2004 Department of Technical and Adult Education Eagle Awards. I have heard feedback from many students and staff from the conference, and all responses were absolutely positive.

I'm sure you will remember the young lady who spoke with you during your book signing on the first day. She said that she had hoped to receive some message of inspiration during the conference and that your presentation that day had certainly inspired her. I'm sure she spoke for a large number of persons who left your presentation that day with new skills and motivation for waking up the winner inside each of them.

We appreciate your taking the time from your busy schedule to help this deserving group of adults who have faced so many challenges in their lives. On behalf of all the students, teachers, directors, and Office of Adult Literacy staff, please accept our thanks for a job well done.

Sincerely,

Tom Travis
